

# Vegetable PUNCH!!

## REQUIRES:

**1:** Players choose a character and play Rock Paper Scissors to see who gets to be the first **attacker**. The other player is the first **defender**. Both players start with 10 ♥. (Keep track with a counter below)

**2:** The **defender** calls out a number between 1 and 5, and the **attacker** rolls the dice.

**3:** If the number rolled is the same as the number called, nothing happens.

If the number rolled is 1 away from the number called, the **defender** loses 1 ♥

If the number rolled is more than 1 away from the number called, the **defender** loses 2 ♥

If the number rolled is 6, the **defender** always loses 2 ♥ and the **attacker** can roll again.

**4:** The **defender** is now the **attacker**, and the **attacker** is now the **defender**. Play repeats from step 2.

**5:** first Player to 0♥ loses
